

Environmental Epidemiology and Cardiovascular Health

**3 - 6 February 2025
Kochi, India**

Mode: In Person Only

Application Deadline:

**2 January 2025
12 Noon**

Organized by

The Centre for Chronic Disease Control (CCDC), New Delhi

**In collaboration with
The Harvard TH Chan School of Public Health (HSPH), USA**

Ashoka University, Sonapat

Karolinska Institutet (KI), Sweden

With funding from Fogarty International Centre

**Program Hosted by
Amrita Institute of Medical Sciences (AIMS), Kochi**

FACULTY

Prof. D. Prabhakaran
Director - CCDC

Prof. Poornima Prabhakaran
Deputy Director - CCDC

Dr. Petter Ljungman
Associate Professor, KI

Dr. Massimo Stafoggia
Adjunct Senior Lecturer - KI

CO - FACULTY

Dr. Siddhartha Mandal
Senior Research Scientist - CCDC & Ashoka University

Mr. Ajit Rajiva
Senior Research Associate - Ashoka University

Dr. Jeroen de Bont
Post Doctoral Researcher - KI

Dr. Suganthi Jaganathan
Senior Research Associate - Ashoka University

Apply Through Our Website:
www.geohealthindia.org

The 4-day short course has been designed with the following objectives:

- Knowledge of main environmental exposures to cardiovascular health, including air pollution, air temperature, green spaces, and noise
- To apply epidemiologic designs and methods in designing studies of environmental exposures and cardiovascular outcomes
- Provide practical training in performing specific epidemiological analyses and develop your own research proposal in environmental epidemiology

Course Outline

- The course will cover environmental exposures such as air pollution, temperature, greenspace and noise
- Mixture of theoretical lectures and practical workshops with hands-on statistical analyses (using R)
- Participants will develop their own study proposal and receive feedback

Pre-requisites

- Knowledge in basic epidemiology & biostatistics
- Working knowledge of R Statistical Package will be preferable
- Prior to the course, enrolees will be sent an introduction to R package with exercises that will help participants get familiar with R

Register Here

**Venue: Amrita Institute
of Medical Sciences,
Kochi, Ponekkara Rd,
Edappally, Kochi**

**Time: 0900 hours -
1600 hours**

How to Apply

Register yourself with the link provided above or scan the QR code. Please provide all the information required for registration. Selected candidates will be contacted after the application deadline is over.

**There is no registration
fee for the course.
Participants are
required to arrange
their own travel and
accommodation.**

Eligibility

Researchers/ students with Postgraduate degree in Public Health and/or environmental health or related discipline and demonstrated interest in environmental health/ climate change and/or environmental policy are eligible to apply.
